(a) NM Licensed Psychiatrists includes 53 post graduate resident licensees.

(b) Licensed NM Professionals per the Geographic Access Data System, NMHPC. Current licensure certification is not necessarily indicative of current clinical practice within the place of the licensure address.

(c) Behavioral Health Needs and Gaps in New Mexico, a report for the NM Human Services Division by The Technical Assistance Collaborative, Inc. and Human Services Research Institute, July 15, 2002.

http://www.state.nm.us/hsd/mad/pdf_files/Reports/BHGapanalysis.pdf, p. 235. National professional counts per US Dept. of Health and Human Services, Center for Mental Health Services, 2002. Dates of applicable counts are: psychiatry, 1998; psychology, 1999; social work, 1998; and counseling, 2000. Because the number and percentage of licensed New Mexico practitioners who are engaged in active practice within the mental health filed is unknown, New Mexico's rates per thousand for licensed professionals are high relative to the national numbers for practicing professionals.

Prepared by the New Mexico Health Policy Commission, Geographic Access Database System, 2003. For further information, contact the NMHPC at (505) 424-3200 or www.hpc.state.nm.us.
